

# A Vision for the Psychological Professions in England

**Adrian Whittington**  
National Lead for Psychological Professions  
NHS England and Health Education England

# A Vision for the Psychological Professions in England

1. How did we create it?
2. What is in it?
3. So what?
4. What next?

**A vision...**

# A Vision for the Psychological Professions

To transform lives and communities by extending and embedding psychological knowledge and practice across the whole of health and care

**Unite and increase diversity in the psychological professions**

We commit to the psychological professions becoming a united force with a strong and diverse voice, working collaboratively with other professionals of all disciplines.

Coming soon...

# Psychological Professions Into Action Phase 2

What is PPIA2?

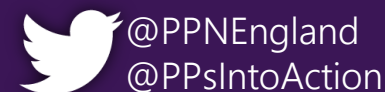

- It is all about turning the Vision into action!

How?

- Creating a toolkit, blogs, vlogs, podcasts, using our website & social media platforms, making the vision real

How to get involved:

- Join the PPN and follow us on Twitter!
- Help us tell others about the vision and how you are putting it into practice
- Register for Psychological Professions Week - <https://ppn2021.com/home>
