

providing 1 single point of access to over  
**30,000**  
healthcare professionals

**NHS**  
We maximise opportunities to support the delivery of NHS priorities and outcomes and...

...give innovation to support the delivery of world class health deliverers and health improvements.

So what's next for us?

It's not just us...  
health professionals to  
enable innovation and work  
better in the future.

*Leading across the workforce networks of  
Allied Health Professions,  
Healthcare Science, Pharmacy  
and Psychological Professions*

# Our Aims

Sue Louth

**North West AHP Workforce Lead**

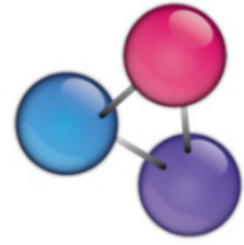

North West Centre for Professional  
Workforce Development

The North West Centre for Professional Workforce Development is a unique partnership across 4 professional workforce networks.

**North West  
Allied  
Health  
Professions  
Network**  
[www.ahpnw.nhs.uk](http://www.ahpnw.nhs.uk)

**North West  
Healthcare  
Science  
Network**  
[www.nwhcs.nhs.uk](http://www.nwhcs.nhs.uk)

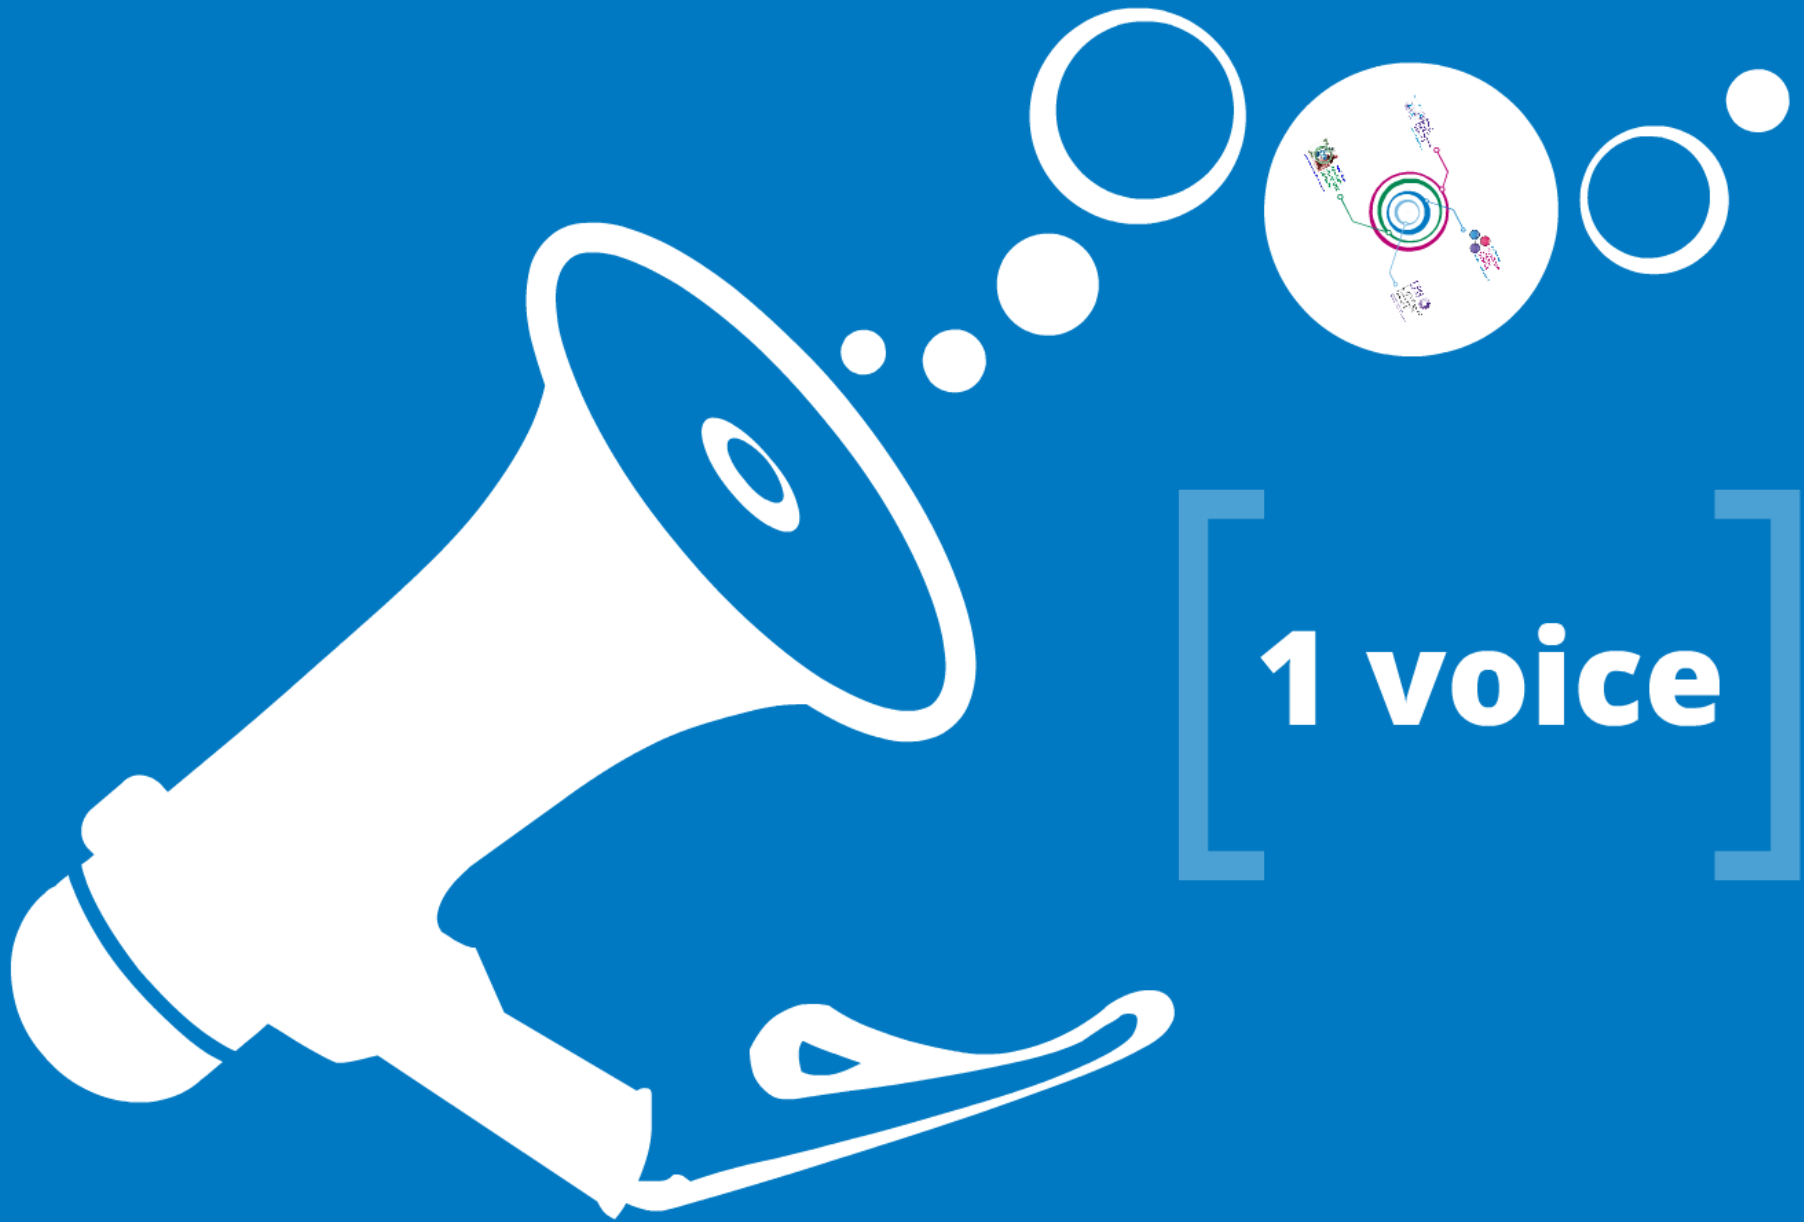

**North West  
PHARMACY  
WORKFORCE  
NETWORK**

[www.pharmacyworkforcenw.nhs.uk](http://www.pharmacyworkforcenw.nhs.uk)

**PPN**  
NORTH WEST  
**Psychological  
Professions  
Network**  
PROMOTING EXCELLENCE IN  
PSYCHOLOGICAL HEALTH & WELL-BEING

**1 voice**

providing 1 single point of access to over

30,000

healthcare professionals

across more than 60 professions of

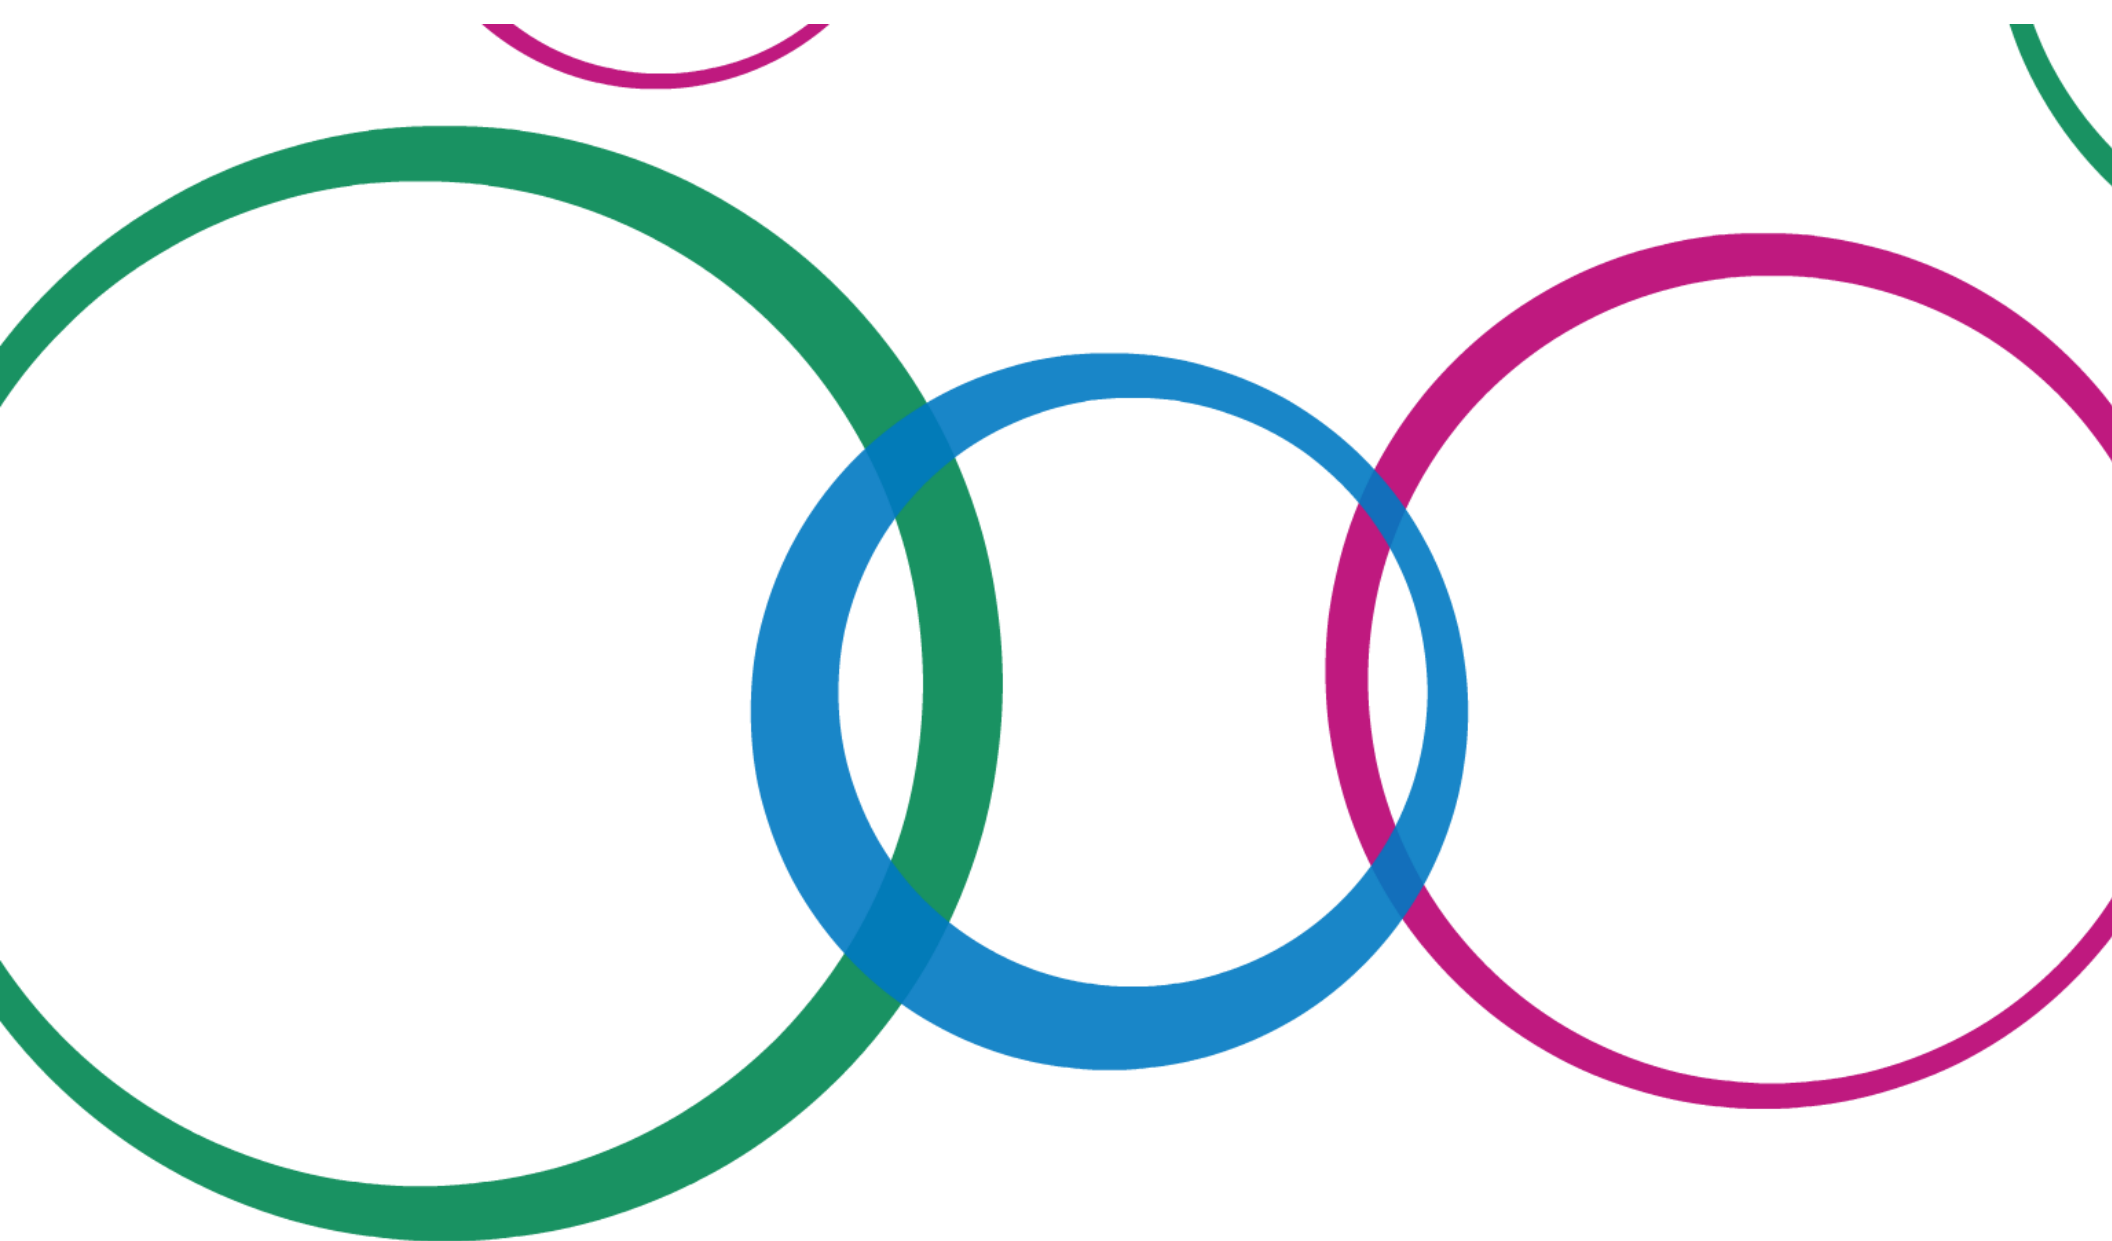

**Allied Health Professions**

**Healthcare Science**

**Pharmacy**

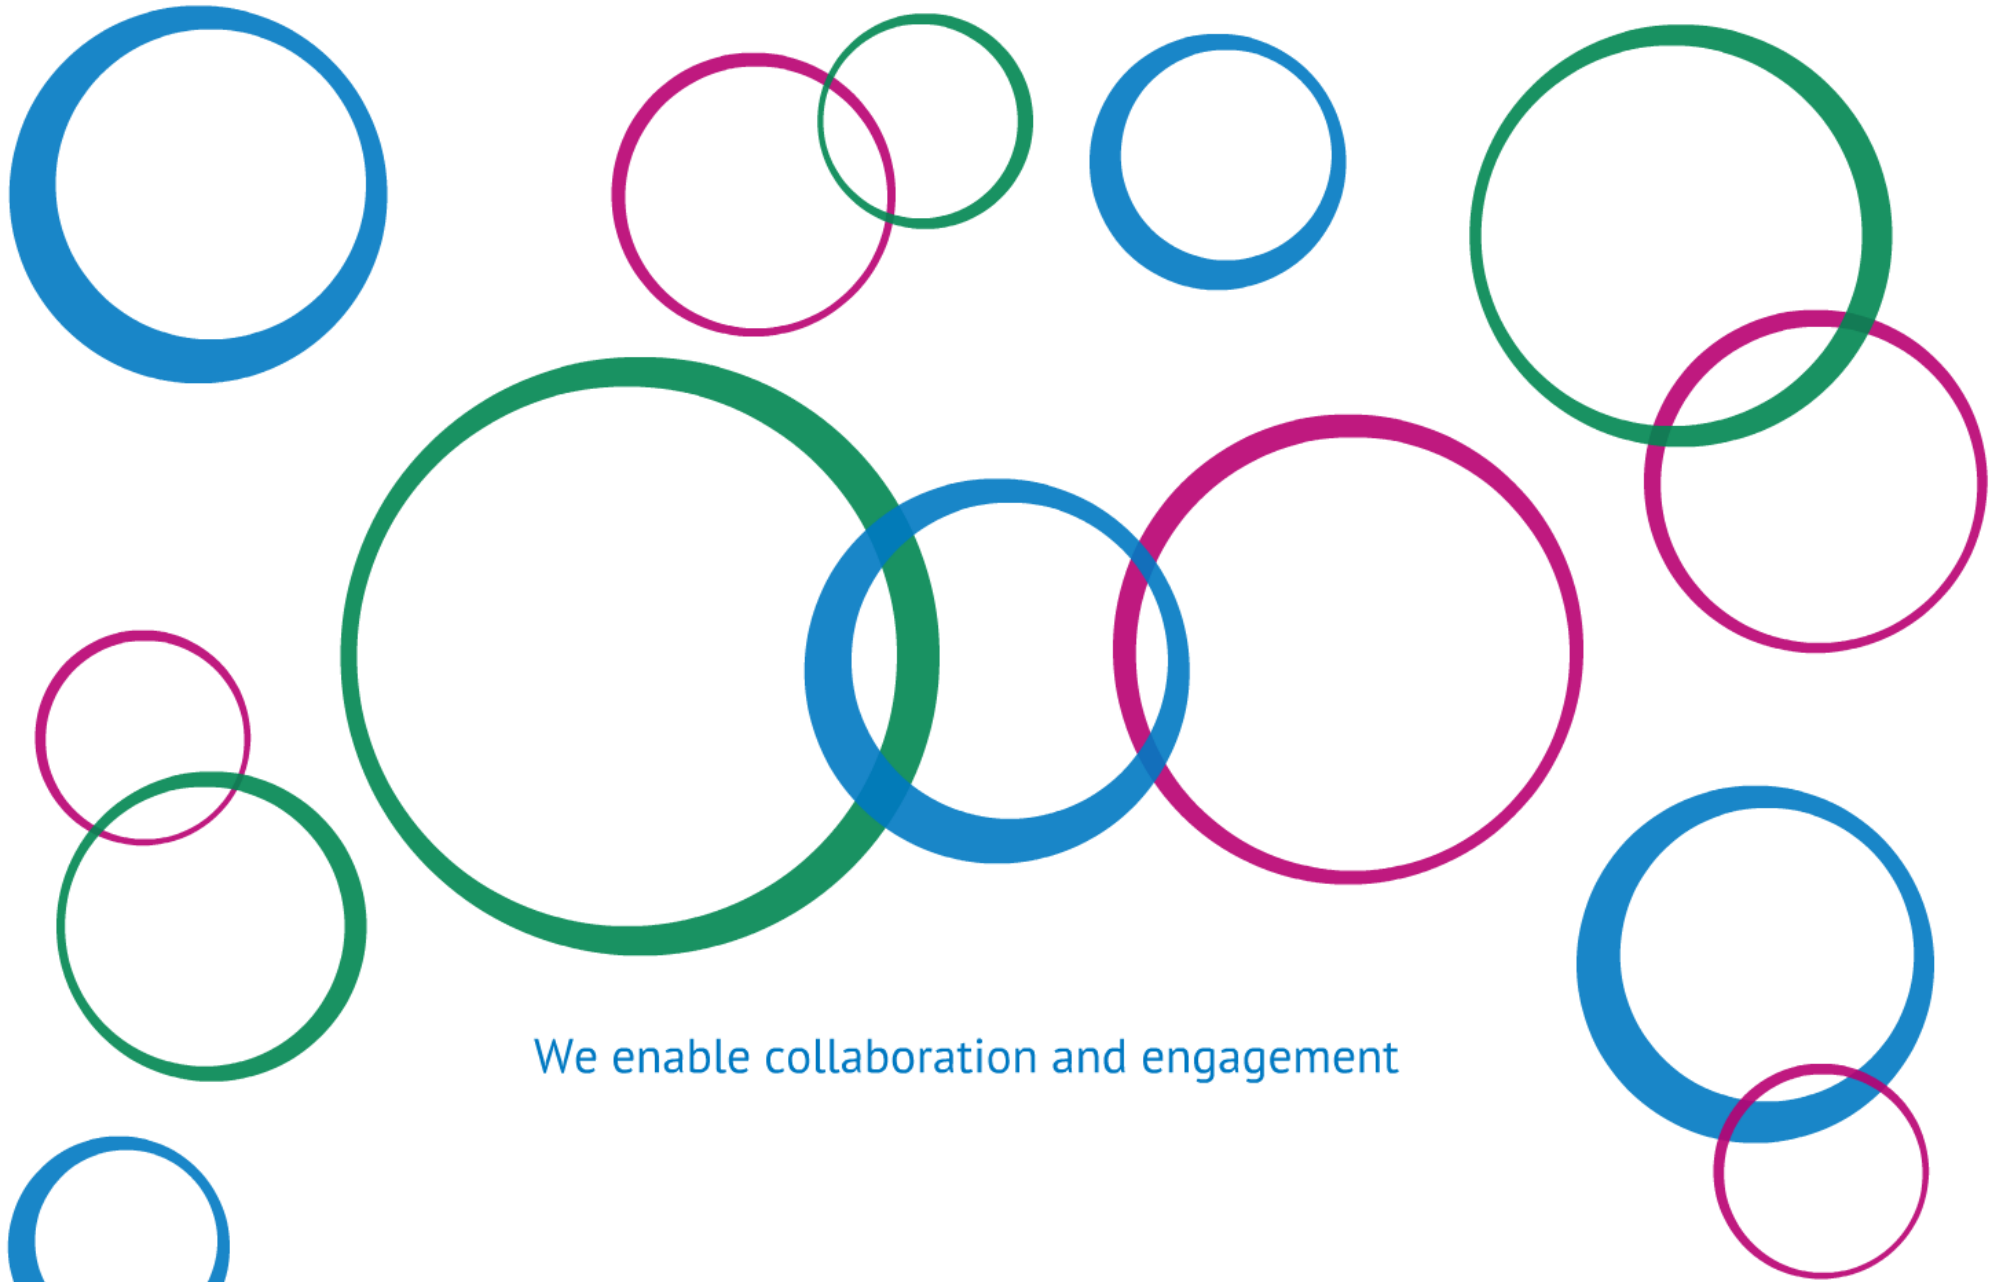

**and Psychological Professions**

in the North West

We enable collaboration and engagement

We enable collaboration and engagement

and participation and consultation

locally, regionally  
and nationally

and support providers to meet the Education Outcomes Framework to ensure our professionals have the right education, skills, values and behaviours.

**We maximise  
opportunities to  
support the delivery  
of NHS priorities  
and outcomes and...**

**...share innovation to  
support the development  
of workforces in  
delivering excellent  
healthcare and health  
improvements.**

We believe we are  
**stronger**  
**together**

...and can collaborate to  
drive innovation,  
adoption and diffusion  
as well as developing the  
research & development  
capacity and capability  
within our networks.

Our new portal has more information,  
with links to all 4 networks

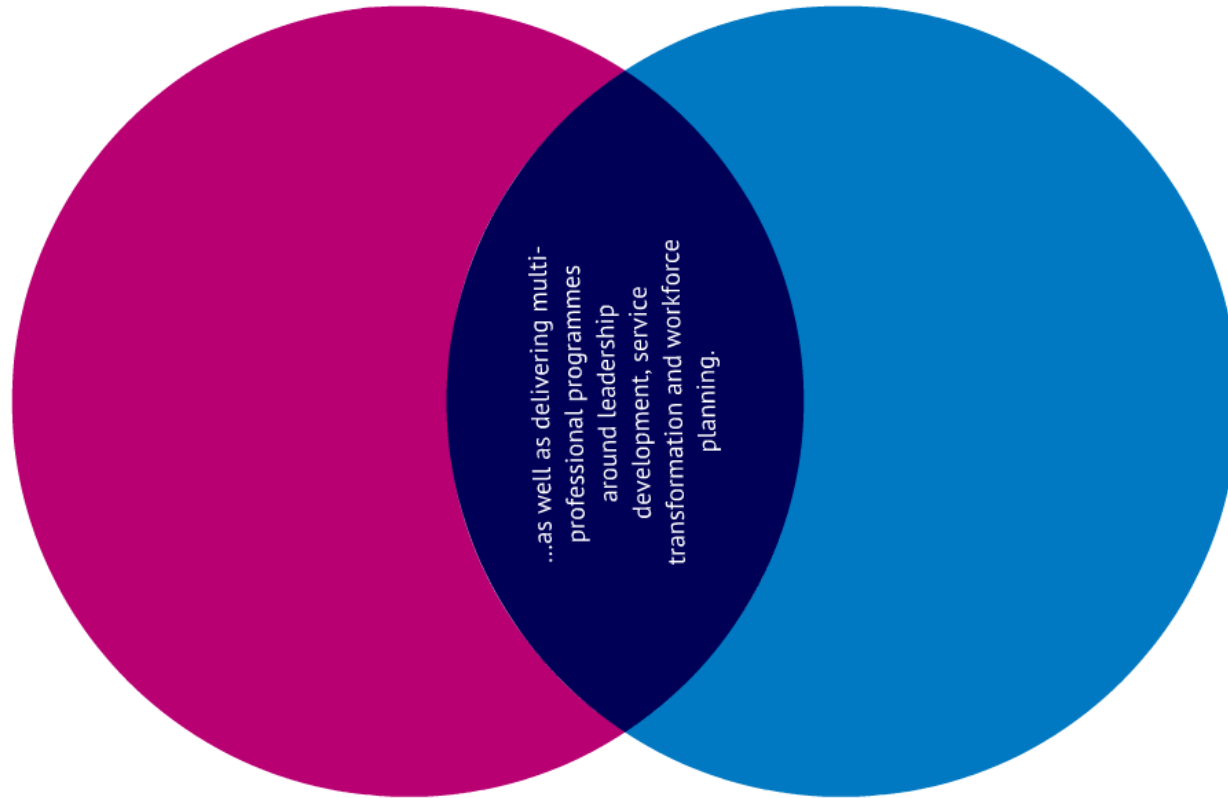

[www.nwcpwd.nhs.uk](http://www.nwcpwd.nhs.uk)

**So, what's  
next for us?**

It is vital we remain  
patient focussed and work  
multi-professionally to  
achieve best outcomes.

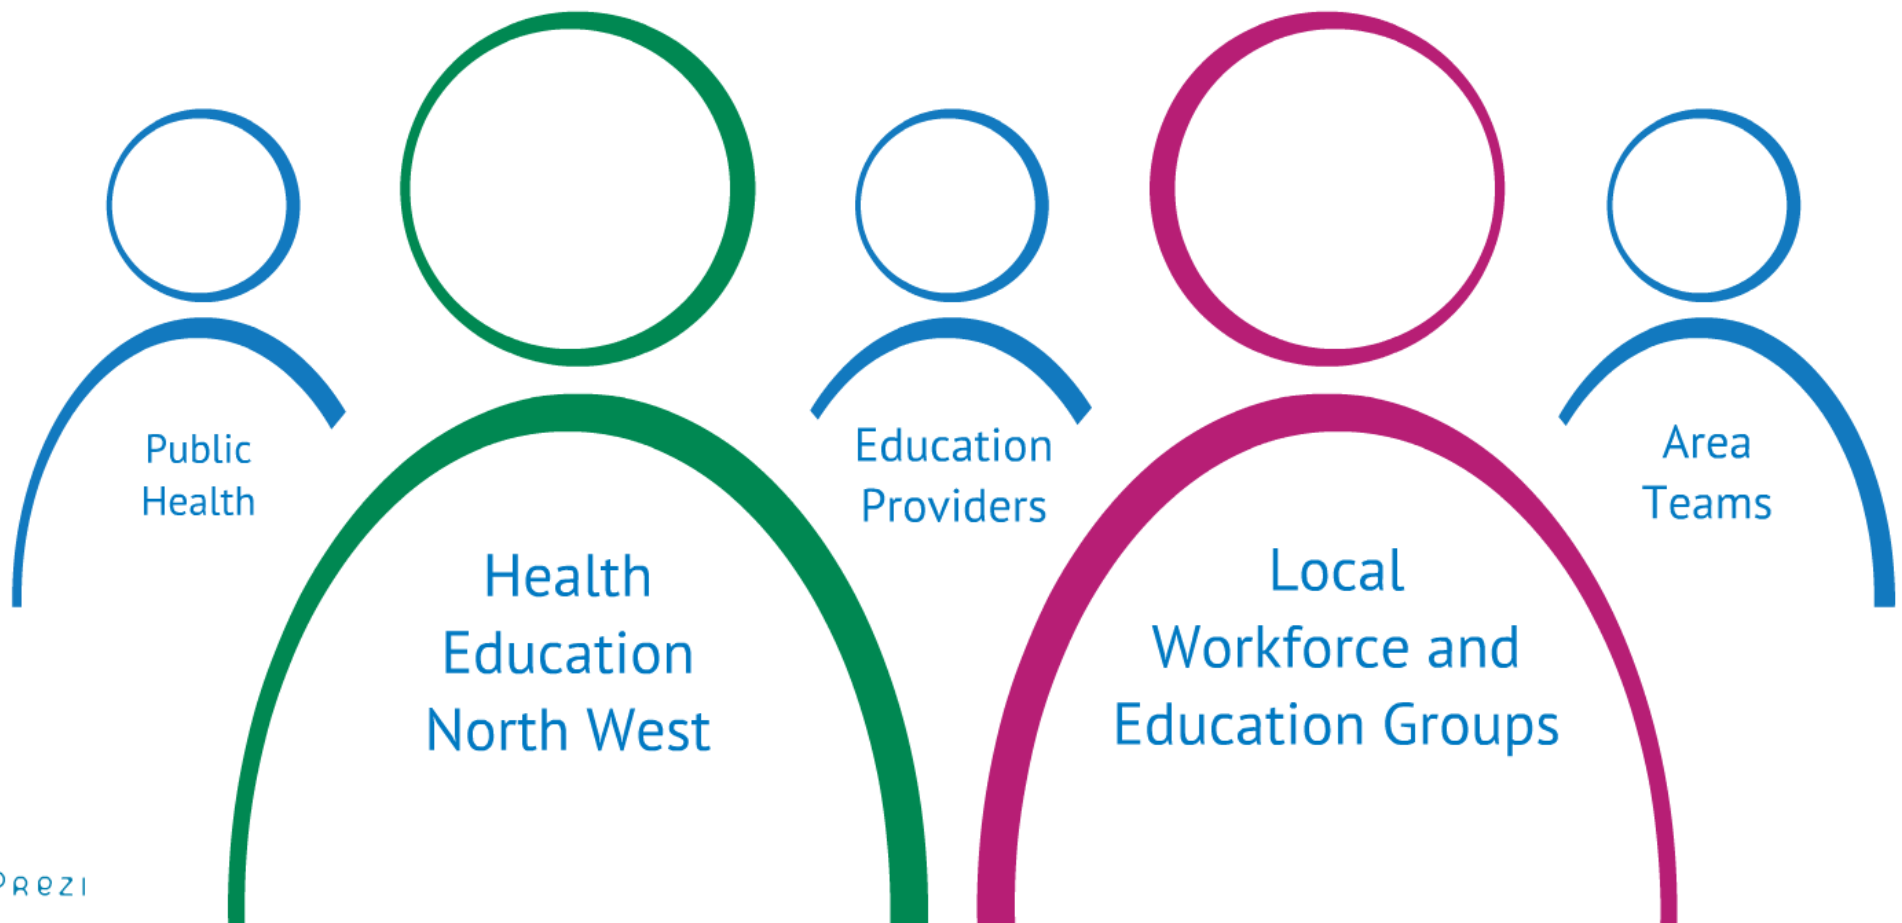

We commit to achieving this by creating multi-professional work streams around key priorities for our networks...

...as well as delivering multi-professional programmes around leadership development, service transformation and workforce planning.

We will continue to work in collaboration with our key partners to ensure full engagement with our networks.

Our CPWD work-streams  
will start to add real  
value in 2014

...to support our  
professions through  
service transformation  
and workforce  
re-design...

...and share best practice locally, regionally  
and nationally via our websites...

so we can continue to lead the way in the North West on

## **multi professional workforce development**

to ensure our NHS is  
delivering a world  
class service where  
the patient is at the  
heart of every  
decision.
