

## 2019 IAPT Leadership and Innovation Forum event feedback

### Round table question 1: What will be your one action in the next 7 days to implement the BAME Good Practice Guide?

Number of responses: 2

Text answers:

To read the BAME Good Practice Guidel, already completed.

My role is not front line, but I will be referring to the guide when in dicussion with services about widening participation and ensure services are representative of the populations they serve.

### Round table question 2: What help / support will you need - Colleagues / Service / HEE / NHSE / other?

Number of responses: 1

Text answers:

Colleauges

### What could this event improve on?

Number of responses: 2

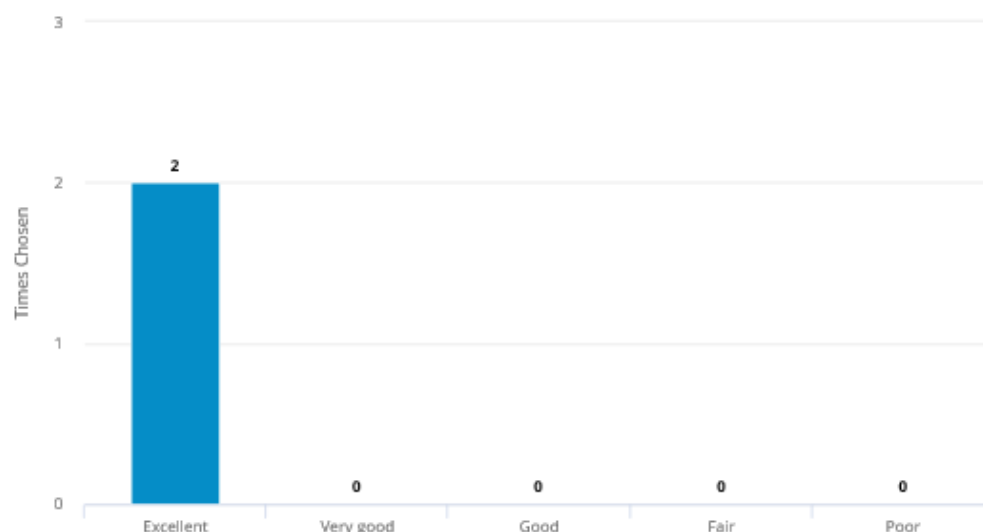

Text answers:

n/a

Nothing to add

### Overall, how would you rate the event?

Number of responses: 2

### What did you like about the event?

Number of responses: 2

Text answers:

Everything

I like the national updates, policy updates and information around training opportunities. I also was very pleased to hear the breadth and depth of services from the organisations presenting - there is a lot of good work being commissioned. The information disseminated from the PPN is of great value - thank you.

### Were there any stand out speakers? If so, what did you take from their presentation?

Number of responses: 2

Text answers:

All were very good speakers.

I think all the speakers were stand out in their own right - When we think about widening participation these are the organisations we should be linking in with.
